COVINGTON, Ky.—"I have been recommending Dr. Pierce's Favorite Prescription to my patients and personal friends for several years, ever since it restored me to perfect health after a very serious illness with inward trouble. In every instance that I have known women to take Dr. Pierce's Favorite Prescription for feminine weakness, or if in need of a special tonic during expectancy, it has never failed in giving the utmost satisfaction. It is a woman's medicine that can be depended upon to relieve nervous conditions, besides building up and strengthening the entire womanly organism. I shall always praise Dr. Pierce's Favorite Prescription most highly."—MRS. PATTIE ELLIOTT, 1413 Kendall St.

Cotton Growers' Meeting

At a meeting held at the court house Wednesday by the County Farm Loan Organization a resolution was adopted calling a meeting of the farmers of the county, white and black, to be held in the circuit court room on Saturday, September 11 for the purpose of forming a co-operative marketing association for the cotton the coming season.

Addresses were made in which it was charged that fair prices were not paid the farmer for last season's crop and that indications now point to a less fair price being paid for the coming crop of both cotton and seed, and the meeting of next week is called to take some steps to overcome this condition.

Ginning prices and practices are to be discussed, too, and also warehouse conditions. Every farmer in the county is invited and urged to come to the meeting according, to request made to The Falcon for publication of this notice.

"Ziron Did Us Both Good," Writes Mr. Gentry, of Norene, Tenn.

It is a well-known medical fact, that iron is a necessary constituent of the blood, and that blood lacking iron is the cause of many troubles that only iron will cure.

Ziron, a scientific compound of iron with other valuable ingredients, is the remedy to take when your blood needs more iron, and your system requires a tonic. Ziron is mild and harmless, does not stain the teeth, and is good for children as well as adults.

Mr. P. G. Gentry, of Norene, Tenn.,

writes: "Ziron Iron Tonic has made good in my family. I have used it to a very great advantage to myself and my 14-year-old boy. It did us both good. I think it is a good medicine for what it is recommended."

If you are pale, weak, tired, feel down and out, take Ziron. It will put iron into your blood, and should help build you up.

Get a bottle from your druggist today, and give ZIRON a fair trial. Sold by him under a money-back guarantee.

Ask him about it. He will tell you.
